About Me

I am a first-year college student pursuing a B.Tech in Computer Science and Engineering, and I am absolutely passionate about technology. As a tech enthusiast, I am always open to new opportunities and challenges. My expertise lies in front-end web development, graphics designing and I take pride in running my own startup in the education industry. With strong communication and problem-solving skills, I am dedicated to making a positive impact through innovative solutions.

Experience

- "Designed and developed a food delivery website using HTML and CSS, demonstrating my web development skills and creativity."

- Contributed as an anchor for various college events like Shankhnaad , freshers etc during my first year, enhancing my public speaking and communication skills.

- Participated in a prominent acting role for a play at IIT Kanpur, showcasing my theatrical talents and teamwork.

Achievement

- "Achieved 1st place in 'Shankhnaad' event with a winning waste water management working model, showcasing innovation and teamwork."
